Access this trail via Shilling Road off State Route 142 at Wahkiacus, WA. The trailhead is just past the east end of the bridge on the right. From the trailhead, head east, crossing Shilling Road, pass through the gate, then proceed uphill along the gravel road. Stay on the road all through this route (& keep dogs leashed!) as all the surrounding land is private and some of the locals are not always the friendliest bunch.
